

FACILITY ACCESS

Students are provided with an MTSA Student ID card during their first semester and are expected to wear it when representing MTSA at affiliate sites.

Students who live near campus may request their student ID cards to be enabled to access to the campus. Instructions for requesting this access is located in the New Student Orientation Course.

Students must notify the Coordinator of Plant Operations immediately if their student ID card is lost or stolen. All lost or stolen student ID cards enabled to access the campus will be deactivated.

Students are required to pay a \$40 fee for a replacement student ID card.

Please contact the Coordinator of Plant Operations with any questions related to student ID cards or facility access.
